GOVERNOR SPEAKER AT CAMP GROUNDS OF ADVENTISTS

State's Chief Executive at Large Meeting; Sessions Prove Big Success

Governor William D. Stephens was the speaker today at the annual camp meeting of the Seventh-day Adventists, which began a ten-days' session at Alhambra last Thursday. More than 600 tents haye been filled with delegates and their families from all sections of the Pacific coast region.

Some of the most noted men of the church in the United States who are present at the meeting include R. D. Quinn of Washington, D. C.; F. C. Gilbert of South Lancaster, Mass.; C. L. Benson of Lincoln, Neb.; and R. S. Owen of San Diego, all prominent speakers.

Special music is one of the interesting features of the camp meeting. This includes an exceptionally fine orchestra and male quartet.

Meetings Open to Public

The meetings are open not only to members of the church but to the general public as well. Preaching services are being held at 11 o'clock in the morning, 3 o'clock in the afternoon and 7:45 o'clock in the evening. The main meeting tent is located near the Garfield school on the north side of Alhambra road.

Judging from the number of people who are attending and the intense interest shown by them, this camp meeting promises to be the best ever held by the Seventh-day Adventists.

That the present chaos in world affairs is the logical fruitage of an age of gross materialism, and that the only hope for the world is a return to old-fashioned Bible religion was emphasized by the speakers in the opening addresses at the convention.

A mammoth canvas pavilion with a seating capacity of 3000 is the principal meeting place, while several smaller ones care for the various departments. A large cafeteria provides vegetarian meals while another offers an extensive array of Bibles and religious literature in many languages.

Delegates from Southland

Delegations have arrived from Santa Barbara, Los Angeles, the harbor district, San Fernando, Burbank, Glendale, Santa Monica, Pasadena, Pomona, Riverside, Long Beach, Oxnard, Santa Paula and other places.

The entire staff of ministers and other workers of the Southern California conference are assisting in the big gathering.

The encampment observed the Sabbath on Saturday in accordance with the practice of the Seventh-day adventists. It was estimated that 3500 attended the services. A large offering was donated for foreign missions. The conference treasurer reports that the total gifts to foreign missions last year was $75,354.69. This averaged more than 53½ cents a week for each church member, or a total of $27.86 per capital for the year. This was in addition to $148,861.73 given as tithe and other offerings for work in the Southern California conference and throughout the United States.

Many hundreds of new believers have been added to the thirty-five churches included in the conference organization, and plans will be laid at this conference for greatly extending the activities of the denomination during the coming year. The Southern California conference will be one of the hosts to 10,000 delegates expected to attend the world conference session of the general conference, which is to be held in San Francisco, May 11 to 31, 1922.

DR. STONE AND WIFE, LOST IN MOUNTAINS, NOT FOUND

BANFF, Alberta, July 26.—Searchers scouring the mountains in the vicinity of Mount Assiniboine up to an early hour today had found no trail that would lead them to Dr. Stone, president of Purdue university, Lafayette, Ind., and his wife, who left the Mount Assiniboine club here July 17 to traverse the surrounding hill country. Stone and his wife had with them but a four days' food supply and when at the end of the fourth day they did not return to camp searchers set out to find them. The only clue so far was discovered Sunday afternoon when a searching party came upon some toilet articles bearing the initials of Mrs. Stone. These were found at the base of Mount Eanon. It is not thought that they have attempted this peak, as it has been unscaled even by parties well supplied with food and experienced guides.

CONFESSIONS OF THREE BLACK SOX READ TO JURY

CHICAGO, July 26.—Confessions of three Black Sox to their part in the fake 1919 world series came forth to plague them today. Statements made by Eddie Cicotte, Claude Williams and Joe Jackson, during the baseball probe were read to the jury from stenographic notes. The notes were read because the actual signed confessions had disappeared from the state's attorney's office. The stories told by all three men were similar. A resume follows: The players were in New York prior to the world series, fell in with a gamblers' syndicate. The proposition was made by "sure thing" gamblers that the games be thrown to the Cincinnati Reds, the gamblers thereby reaping a harvest because the White Sox were the favorites. Gamblers agreed to pay $100,000 for "fixing" the series. Of this amount $20,000 was to be paid after each game. The confessions then told how gamblers double crossed the players and gave them only a small part of what was promised .

FOUR CREWS BUSY PLACING PHONES IN TERRITORY

Every Effort Is Being Made to Relieve Congestion From Rapid Growth

In a decided effort to maintain the excellent record of service here the Pacific Telephone & Telegraph company has four crews working in the Glendale district on installation of new telephones. One of these crews was withdrawn from Alhambra for a week to help here in clearing the 100 orders for service now on file, according to Fred Deal, local division manager.

There are fifteen men now employed on the cable crew which is working in the vicinity of Burbank to relieve the congested lines which are due to the rapid growth of the San Fernando valley cities. When one is apprised of the fact that twelve new telephones are being connected daily in this section, the task confronting the company can be appreciated more easily.

Why Some Orders Delayed

Some orders are delayed necessarily because of a lack of outside plant facilities. In other words, an abnormal growth in certain sections makes it physically impossible for any utility to keep up to the demands, according to Mr. Deal. However, such situations are being remedied as fast as possible.

Practically all orders in cases other than those just mentioned are attended to within a fortnight after they are filed. Glendale is to be considered fortunate in not having the vast problem confronting the telephone company in certain sections of Los Angeles.

COUNCILMEN ASSURE CHAMBER OF COMMERCE FINANCIAL AID IN PROMOTION OF GLENDALE

Tell Delegation From Board Of Directors Suitable Booklet Will Be Issued And Other Projects Furthered As Far As Charter Permits

PUBLIC hearing on the proposed budget for the city of Glendale for the coming fiscal year was held at the city hall last night by the city council, as provided by the city charter, but with the exception of a delegation from the Chamber of Commerce, there were none present to offer suggestions.

The delegation from the Chamber of Commerce urged the council to provide sufficient for funds in the budget to help care for Glendale's advertising and promotion during the coming twelve months and all of the councilmen agreed that any project having for its object the advancement of the city would receive serious consideration and, if the city's finances permitted, support to the utmost.

George H. Bentley and C. D. Lusby, directors, and James Rhoades, secretary, composed the delegation from the Chamber of Commerce.

"The directors of the Chamber of Commerce," said Secretary Rhoades, in beginning his talk to the council, "received a copy of the proposed budget for Glendale during the coming fiscal year and I want to say to you that congratulations are due to T. W. Watson, the city manager, for the very comprehensive manner in which he has compiled the estimate of income and expenditures. He has drawn up a very complete report, in our opinion.

"We come before you for the purpose of impressing upon you the great necessity of providing, in your budget, a fund for advertising and promotion purposes. As you know, Glendale is growing rapidly—more rapidly than a great many of the citizens realize. At the present time the Chamber of Commerce is without funds to carry on an advertising campaign for the benefit of the community. We are an infant organization; we have been under a heavy expense in the way of organizing and securing equipment; we have not the funds, then, to immediately issue what the chamber's directors believe is an absolute necessity—a booklet advertising Glendale.

Burden Should Fall on All

"Furthermore, we do not feel that it is the duty of an organization having about 500 active members to bear the total expense of a booklet that will bring benefits to a community of 20,000 people. The burden of expense should, we take it, fall upon all of the people and, therefore, the proper way—the fair way—is to raise the money by taxation.

"Consequently, we ask this council, in making up the budget, to allow for funds, to be spent, if you please, under the council's direction, for a booklet suitable to the needs of Glendale. Also, we believe that the city generally should bear the expense of the float to be entered in the next Tournament of Roses parade in Pasadena.

"As secretary of the Chamber of Commerce, I say to you that the money recently appropriated by the council in behalf of the Elks' conventiton was the best money ever spent by the city on an advertising and promotion project. A great deal of good for Glendale was, and will be derived from that comparatively small appropriation.

"I do not need to point out to you the great advantage it is to Glendale to advertise; you are business men and know that advertising pays. I do, however, want to cite to you the fact that daily people are coming to the room occupied by the Chamber of Commerce and asking for literature and we have nothing suitable to offer them. Also, we have many inquiries by mail. It is of vital importance to the city of Glendale that a booklet containing its advantages be immediately prepared for issuance. As I have said, the Chamber of Commerce cannot undertake the work because it has not the necessary money; we will not pass a subscription list among the few who always donate for the betterment of the whole city, and we ask that you do the fair thing by arranging to have the entire city pay for what benefits the whole."

Mayor Robinson Agrees

"I agree with you," said Mayor Spencer Robinson to Secretary Rhoades. "I know that the small sum we gave in behalf of advertising Glendale before the Elks' convention did us wonderful good."

In answer to questions, Secretary Rhoades said that it was the plan to have any money appropriated by the council for promotion purpose spent under the direction of the council and the city manager.

"Of course," said the secretary, "the Chamber of Commerce will be glad to assist in any way possible for the good of the city and should you decide to issue the booklet, we may be pleased to aid in its preparation and, of a certainty, its circulation."

"Just how much, Mr. Rhoades, does the Chamber of Commerce directors believe the city should spend during the next fiscal year on advertising and promotion?" questioned Councilman A. H. Lapham.

"We feel that the city should

TURNS HATRED INTO LOVE; IT'S DONE BY BUCK JONES

He's In Breath-Taking Film at Glendale Theatre for Today's Program Only

Buck Jones, rapidly receiving recognition as one of the most brilliant Western stars on the screen, will be seen at the Glendale Theatre today only in his latest William Fox Western, "Two Moons," from Robert Welles Ritchie's novel "Trails to Two Moons."

The picture is said to tell a breath-taking story of a love that grew out of a bitter feud when the cattle men and sheep herders were fighting for control of the grazing lands of Wyoming. Jones has the part of a cattleman's agent who tames the wild spirit of Hilma Ring, daughter of a sheepman, and turns her hatred into love. Carol Holloway is seen as Hilma Ring.

"You're Next," a rollicking Rolin comedy; the sixth episode of Eileen Sedgwick's feature serial, "The Diamond Queen;" and the latest Pathe Review round out an ideal program for summer time. "The Breaking Point," with Bessie Barriscale, is tomorrow's feature.

Harding In Message Asks Broader Powers Behalf Finance Board

WASHINGTON, D. C., July 26.—President Harding today asked congress to broaden the powers of the war finance corporation so that it could give financial relief to the railroads and agriculture.

He made this request in a short message addressed to the senate and house of representatives

Wears Greenbacks, Not Shoes, on Dainty Feet

She was one-year-old yesterday, and though she was not born with a silver spoon in her mouth she wore greenbacks on her little dimpled feet instead of shoes, and kicked them carelessly in the air as if to say that mere money meant nothing in her young life.

The little girl is Mary Olive Davis, the daughter of Louis C. Davis, who owns the Davis & Foster Transfer company.

William Page slipped the bills on her little feet and fastened them with elastic bands while her mother was making a purchase in the Page Furniture store.

Monday afternoon Mrs. Davis gave a party to celebrate the day at her pretty home at 138 South Adams street. Everything was decorated in pink and white, the colors best suited to little Mary Olive, who is called a little "Cecil Brunner rosebud" by Mrs. Bertha Heffner Ginger, who lives next door and who insisted on decorating the beautiful birthday cake.

Mrs. Ginger has demonstrated cake decorations for some years and the cake was most beautifully garlanded with pink roses and green sprays. Gifts poured in from all the friends and relatives who love the little girl, some coming all the way from Chicago, Texas and Indiana.

The guests who enjoyed the celebration were Mrs. Lowe and little daughter, Margie, Mrs. Alexander McIntyre and babies, Loraine and Romane, Mrs. A. M. Hardy and sons, Byron and Richard of Burbank, Mrs. Gardner, Mrs. J. W. Hale, Mrs. A. C. Oliver, Mrs. Oscar Stees and Mrs. Grace Heard, the aunt of the guest of honor.

Dainty refreshments were served the guests at the close of a happy afternoon during which the babies were the chief attraction, everyone agreeing that Mrs. Heard voiced the thoughts of all Mary Olive's friends in the following verse:

"Goodness, how you're growing,
And not just growing tall,
But growing sweeter every day,
And dearer to us all."

THEY ATTEND GAS PICNIC

Without winning a thing in the prize list, W. R. Phelon, local manager, and fifty employees and their families of the Southern California Gas company were among the 1200 who enjoyed a picnic at Redondo Beach last Saturday. Dancing and refreshments were free to the "gas gang" and both aquatic and athletic events were staged. Of course, a good time was had by all.

YOUNG PEOPLE FIND IT'S EASY TO GET SUBSCRIPTIONS

Considerable Rivalry Being Shown Over Who Will Win First Bicycle

DEALING IN FUTURES

"Mr. Blanford, I am only a young man, 6½ years old, trying to get along in the world. But my mother says I can't have a bike until I am 10 years old. Will I be able to earn one then?"

"Well, the offer closes September 1 of this year, lad," replied the bicycle subscription club manager, "yet by the time you are 10 they will likely be giving airplanes away."

"Yoop," yelled the youngster. "Hey, Skinnay, I am going to have a flying machine!" That is, when he gets older, maybe.

With a half dozen more entrants in The Glendale Evening News bicycle club in the office and nice, cool weather in which the youngsters can extend their best efforts in getting twenty new yearly subscriptions, it's a morning's morning when this is written, with A. T. Blanford, the club manager.

Boys and girls both are bringing new subscribers to The Glendale Evening News office in a constant stream. Some are for years, others for six months and many for three months. But it takes so many of the latter that the youthful solicitors are urged to get yearly subscriptions whenever possible.

It must be remembered that The Glendale Evening News has been established for sixteen years; it has been published daily for eight years, and its reliability and policy have never been questioned.

Get Ready Response

This makes it one of the most desirable of evening dailies in Southern California from the standpoint of gaining new subscribers. Boys and girls, their parents and friends can recommend The Glendale Evening News in no uncertain terms.

Happily, it is evident from the ready response which the youngsters are meeting in their daily solicitation this paper meets with general approval and popular favor. Every boy and girl can afford to earn a $65 Harley-Davidson bicycle at the expense of The Glendale Evening News.

Mr. and Mrs. V. Martin Are Parents of Girl

Mr. and Mrs. Victor S. Martin of 519 Vine street are the proud parents of a baby girl, born Saturday night at the Glendale Sanitarium. Mr. Martin is the membership secretary of the Y. M. C. A. The little newcomer is the Martins' fifth child.

17 TYPEWRITERS STOLEN

MODESTO, Cal., July 26.—A couple alleged to have stolen so many typewriters that they had to steal an automobile to carry them away has been arrested at Burbank, according to word received today by Sheriff Dallas. The auto was stolen from A. L. Anderson of Turlock, Dallas was informed. The couple had seventeen typewriters in the car.

YOUTH ARMED WITH GUN SOUGHT BY AUTHORITIES

'Bill' Teasley Robs Mother and Flees In Stolen Car, Is Father's Report

"Bill" Teasley is in bad with his "dad" again.

This time William H. Teasley, Sr., 1001 Melrose avenue, has reported to Sheriff William I. Traeger that his "incorrigible" son had held up his mother at the point of a gun and, after getting a sum of money and some automobile accessories, fled north in a stolen automobile.

The lad, who emulates western characters of the days of '49, is armed with a large revolver and his relatives fear that he will use it with deadly effect should any attempt be made to intercept him.

"Bill" is known in local police quarters for his several escapades, the last prior to his flight having taken place at the Teasley home when he shot his father in the hand. They were scuffling for the possession of a rifle with which the boy is said to have threatened his father's life.

Searching for Him

For three days he hid in the hills and for some time he was held at Juvenile hall, but Mr. Teasley delayed the prosecution. Now the latter seems satisfied that the arm of the law should reach out and protect the boy from himself.

Officers throughout the state have been notified to look out for the youngster and return him to Southern California for a session of enforced discipline.

Girl Thought Victim of Amnesia Is Found In Verdugo Woodlands

Marian Locke, aged 16 and pretty, believed to be a victim of amnesia, was found wandering in Verdugo Woodlands district of Glendale this morning. She was taken in custody by the police and turned over to the care of Dr. J. E. Eckles, city health officer, until her brother came for her at noon today.

Miss Locke is the daughter of Mrs. E. Ernest Opperman who resides at San Pedro and Fifty-second streets, Los Angeles. According to the girl's story as told to The Glendale Evening News representative, she had quarreled with her mother yesterday afternoon and started out in search of employment.

When questioned she puts her hand to her head as if in pain. "I can't remember," is all she will say when asked about recent events. But she smiles and is willing to talk about the time she attended the Adventist school in Glendale some years ago.

She has no memory of her sweetheart, Raymond Hawley, who is in San Francisco with the U. S. S. New Mexico, but had in her pocket a torn envelope addressed to him. She has a big signet ring with his initials engraved on it, but does not know where she got it.

At the police station this morning Miss Locke was recognized by Officer G. R. Welles and his brother, Paul Welles, assistant city health officer, with whom she went to school eight years ago.

Many Service Claims Are Reported Settled

WASHINGTON — Colonel Forbes, director of the bureau of war risk insurance, was receiving congratulations today on his achievement in cleaning up every pending claim of former service men.

In this accomplishment the bureau made good the boast of President Harding. The statement was made by the president in his message to congress on July 12 that "all work in the bureau of war risk insurance will be current by the 21st of July."

On May 1 the medical division had on hand a total of 56,000 claims, which had been reduced to 14,000 on July 1. During the past two weeks this division has kept abreast with daily demands for action on claims and has disposed of pending cases with an average of 7000 each twenty-four hours. The compensation and insurance division has disposed of a monthly average of 21,000 claims.

A special meeting of the council is hereby called and ordered to be held at the hour of 8 o'clock p. m., of the 25th day of July, 1921, at the council chamber in the city hall of said city.

DWIGHT W. STEPHENSON.
Members of the Council.

Permit to Install Pump

Jesse E. Smith filed an application for permit to install and maintain a gasoline storage tank and pump on lots 13 and 14, block 63, Campbell and Thompson tract, and the some being approved by the city manager, was on motion of Councilman Davis, granted.

On motion of Councilman Stephenson, Resolution No. 1224 was adopted, all voting aye, approving map of tract No. 3789.

Cesspool Permit

T. A. Wright made application to the city manager for a permit to install a cesspool on East Broadway which was on motion of Councilman Kimlin, adopted by the following roll call: Ayes, Davis, Kimlin, Lapham, Robinson, Stephenson; noes, none.

City Manager's Estimate

The city manager presented a communication in regard to estimate of income and expenditures for the present fiscal year, previously submitted to the council, adding a supplement thereto. On motion, ordered filed and referred to the committee of the whole.

Hearing in Regard to Budget

In accordance with a hearing advertised to be held at this time, the subject of the budget for the present fiscal year was taken up. Mr. Rhoades of the Chamber of Commerce addressed the council, stating that that body had appointed a committee to examine the budget, which committee reports finding it very comprehensive and satisfactory.

He called attention of the council to the fact that many cities have undertaken to finance the local Chamber of Commerce and in his opinion the city council should go as far as practicable towards providing means to enable the Glendale Chamber of Commerce to carry on such an advertising campaign as may seem advisable. The members of the council assured Mr. Rhoades that they sympathized with him in his ideas on this subject, but that under the charter the total expenditures for this purpose during any one year is limited to 2 cents on every $100 valuation.

George H. Bentley and C. D. Lusby addressed the council in this connection. Action of the budget was deferred until the next regular meeting. Adjourned.

Claude B. Andrews Buys Fine Residence of Harry M. Cole

Harry M. Cole, owner and manager of the P. E. Buffet in Los Angeles, has sold his very attractive home at 232 North Maryland, to Claude B. Andrews, an attorney of Los Angeles, now residing at 228 North Orange, this city. The deal was made through the agency of Endicott & Larson. The property has a frontage of 100 feet and the sale carries with it the fine furnishings in the home.

"The realty business in Glendale is certainly active despite the fact that the summer is upon us," said J. A. Endicott, member of the firm. "For instance, our firm has sold more than twenty homes in the past sixty days. And, of course, we have sold a large number of lots.

"It is a matter of more than ordinary notice that the majority of the homes we have sold are of the better type, byt that I mean they are high-class residences, showing that people with money looking for fine homes are coming to Glendale. From our business, there is no indication of a let-up in Glendale realty; the population is being increased daily, and the demand for better class homes is brisk."

RETURNS FROM BALBOA

Mr. and Mrs. V. M. Tresslar of 320 West Lexington drive returned Monday morning after spending several days at their cottage at Balboa beach.

LEWIS GANGER GETS DISCHARGE FROM COAST SERVICE

Serves for More Than Two Years, Portion of Time Being In France

Lewis Ganger, son of Mr. and Mrs. Samuel Ganger of 605 East Harvard street, returned to his home here on Saturday after fifteen months continuous service with the Coast Artillery corps in the United States' peace time forces. He received his honorable discharge at this time, due to a reduction in the army strength.

Mr. Ganger, who is a veteran of the world war, was employed as telephone operator in the post exchange at Fort MacArthur, San Pedro, and was enabled to visit home quite regularly, having one day off and the next day on duty.

After service in the army of more than two years, a year of which was spent in France, he hardly feels at home in civilian clothes although an order has recently been made by General Pershing permitting the soldiers to wear the regulation blues.

Thousands Die Daily In Russia Because of Famine, Says Official

By EDWIN HULLINGER
United Press Staff Correspondent

PARIS, July 26.—Famine is depopulating Russian by the thousands daily, according to Paul Miliukoff, leader of Russian constitutionalist democrats here.

Miliukoff told the United Press today that private information showed one portion of Russia, larger than France and Germany combined, was being converted into a huge cemetery. In that one section, lying along the Volga, 25,000 persons are starving, he declared.

Only quick action by relief commissions can prevent the mortality totals from reaching staggering figures, he said.

Miliukoff pictured thousands, who are weakened by hunger, lying in filthy huts, awaiting death.

Most of the animals have been killed and used for food, he asserted. Fields have been combed for the last grain. A merciless sun is beating down, taking away even the hope of fair crops this fall.

The vast Russian steppes, once swarming with Asiatic invaders, are again covered with moving hordes, he said. These Russians are emigrating in the hope of finding food.

Wagons and carts, some covered by dingy canopies of sacking to protect the starving ones within, creak along hot and dusty roads in caravans, the plodding figures which lead the bony horses being led on by the mirage of food.

Conflicting reports travel like the lightning through the weary bands. Word comes that food is being distributed in India and a long line swings off toward the southeast.

Deaths Occur Hourly

Another rumor comes that great supplies of food now are available in Moscow and the stumbling drivers turn their rickety animals to the north and west. Hundreds daily cross the frontiers into countries scarcely able to care for their own people.

Death is an hourly occurrence in these caravans of misery. Those who fall are buried by the roadside. Even the mothers, worn by fatigue and hunger, look on with apathy as their children are laid in shallow graves.

Miliukoff's reports said that only one-fifth of the usual wheat acreage was planted this year and most of that was ruined by the great drouth.

Business Block Will Be Erected Soon In So. Glendale Section

With the announcement of a half million dollars in improvements for Forest Lawn Memorial park at Glendale's gateway; the erection of the Cletrac agency at the intersection of Brand boulevard and San Fernando Road; and an active demand for business property along the latter thoroughfare, residents of the southern section of this city feel that the boom for which they have been waiting five years has arrived at last.

Business is good, the empty storerooms are filling up and never before in the history of what was once Tropico has prosperity been more notable during the dull summer months.

"If conditions of today are prophetic of the fall and winter," said one merchant this morning, "there is no question but what southern Glendale will be established as the industrial business center of Glendale."

Picnic Dinner Party on Beach Is Enjoyed

W. B. Mariwell Buys Lot; to Build Home

W. B. Mariwell of Los Angeles has just purchased from A. B. Heacock of 709 East Windsor Road, this city, the lot located at 708 Raleigh street. Mr. Mariwell plans the immediate erection of a modern five-room house on the site.

MR. AND MRS. CUNY OF DETROIT ARE VISITING HERE

Arrive In South Glendale After Auto Trip; Like to Stay Permanently

Mr. and Mrs. Louis Cuny of Detroit, Mich., have recently arrived in Glendale to visit at the home of their daughter, Mr. and Mrs. C. L. Brenkman of 1510 South San Fernando road. These visitors from the Badger state motored through from their home in one of Henry Ford's creations and they report a most enjoyable trip.

One of the places of interest they visited for the first time was Yellowstone National Park, where they saw the mud geysers and mountain scenery said to be unequalled. Bears and other animals considered quite wild play around the tents of the campers, in fact too playfully at times for one's peace of mind.

It Feels Cool to Them

Cross-country touring is quite pleasant at this time of the year, according to Mr. Cuny until one gets to the deserts of Nevada and California. There it was scorching hot, and Glendale feels quite cool to the wearied traveler.

It is the hope of Mr. and Mrs. Cuny to locate here, but they will have to return to Michigan this fall and settle up affairs preparatory to moving to the southland permanently. Of course, Mrs. Brenkman is an enthusiastic booster for Glendale and is doing all in her power to bring her parents here to live.

Business Good, State South Glendale Folk

Probably the greatest step toward the progress of the southern section of the city within the past few weeks is the announcement that two lots on the north side of San Fernando road, opposite Mira Loma avenue, have been purchased by A. J. Figmaka, a former Toledo business man. Mr. Figmaka is firm in the belief that "the Brand and San Fernando triangle" is the coming business section of Glendale," and is planning on the erection of a two-story business block on the site within the next sixty days.

The new building will contain a large store room on the ground floor, while the second story will be confined to flats and apartments. The store space downstairs will be utilized by Mr. Figmaka for the installation of a first class grocery store.

At present Mr. and Mrs. Figmaka are conducting a grocery business in Los Angeles, where they located several months ago upon arriving from Toledo. They will dispose of their Los Angeles interests soon, however, when they will move to Glendale to make their permanent home.

Mrs. L. Salzman Now Back From Hospital

Friends of Mrs. L. Mr. and Mrs. E. R. Gates and son, Charles, who have spent the past few weeks visiting at the home of Dr. and Mrs. S. A. Pollock of 419 West Park avenue, left Saturday by automobile for their home in Oakland. They were accompanied by Alien Pollock, who will remain in the northern city for a month.

Pioneers Here Again Reside In Glendale

Mr. and Mrs. J. B. Normart, who until two years ago had lived in Glendale over twenty-four years, have just returned from Fresno and are temporarily staying with Mr. and Mrs. W. Van Hazelan of 350 West Park avenue. They are "looking around" with the intention of again making their permanent residence here.

The New Zealand government is planning to drain two areas of swamp land, containing 60,000 and 65,000 acres, respectively, and convert them into grazing land.

CITY COUNCIL AID TO ADVERTISING CITY PROMISED

Chamber of Commerce Will Receive Assistance as Far as Charter Permits

(Continued From Page One)

spend about $7,500." was the answer.

Advertising Benefits Glendale

"Advertising is a splendid thing," commented Councilman C. E. Kimlin. "The institution with which I am connected believes in advertising and in matter which we issue the city of Glendale is alluded to. I want to say that I am in favor of the booklet plan, but instead of making a definite appropriation of a comparatively large sum in the budget for advertising and promotion, I would suggest that we meet each project as it is brought forward and take the money, if it is decided to finance it, from the general fund.

"The booklet seems to be the necessity at present and it appears to me that we can arrange to finance it from the general fund. The same action may be taken as other worthy projects are brought to us by the Chamber of Commerce. I am putting this forward as a suggestion for consideration."

"I agree with all Mr. Rhoades has said," declared Councilman Dwight W. Stephenson. "I also agree with the suggestion made by Councilman Kimlin. My past experience on this body has shown that the method of financing promotion projects may be satisfactorily carried out in the manner proposed by Councilman Kimlin. However, I wish to call the attention of the council to a provision in the city's charter that reads as follows:

"'Section 16. Entertainment: The council may appropriate and spend money from the funds of the city for any or all of the following purposes: Reception and entertainment of public guests, assistance of public celebrations, fairs and exhibitions, to aid or carry on the work of inducing immigration to the city, to exhibit manufactured and other products of the city; and generally, for the purpose of advertising the city; provided, however, that the aggregate expenditures for all of said purposes shall not exceed in one fiscal year the sum of two (2) cents on each one hundred dollars ($100.00) of the assessed value of property within the city.'

Limit Fixed by Charter

"So you see," said Councilman Stephenson, when he had finished reading the extract from the chapter, "our hands are tied by the charter as to the amount of the money we may spend for advertising and promotion purposes, no matter how worthy the cause. Let me say, however, I am sure this council will endeavor to provide for the booklet. I, for one, know that Glendale as a whole will benefit greatly by the advertising project, just as other cities have—and are."

"Exactly," agreed Mayor Robinson, "I feel safe in saying that the Chamber of Commerce may rest assured that we will do all we possibly can to further the interests of the city by the booklet."

"Those are my sentiments, too," said Councilman Lapham. "And, more, I would like to see the city spend enough on a float in the Pasadena parade to make it a three straight victory for Glendale."

"That's right," said Councilman S. A. Davis. "We are willing to go the limit to advertise Glendale and to bring another trophy to the city, but, of course, there is a limit to which we can go—the charter has fixed the limit."

Few Pay, Many Benefit

"And when the limit is desired to be raised, the charter can be amended," pointed out Mr. Lusby. "Frankly, it is not fair to the few who, year after year, put up money to promote Glendale to have to continue the work and, in many cases, sacrifice, for the benefit of the entire community. Every time there is a public project for the city, a little circle of about 100 persons are compelled to put up the money, while many, more able financially, sit back and do nothing except reap the benefits that result. It is not fair; it is not just. All should pay, as the benefits go to all."

"Just so," agreed Mayor Robinson, "and I want to assure the delegation from the Chamber of Commerce that I am certain the council will go as far as possible to go to advertise and promote Glendale."

Relative to the consideration of the budget, City Manager Watson submitted to the city council a supplementary statement, which was ordered sent to the committee of the whole for consideration.

It is probable that the revised budget will be adopted at the meeting of the council next Thursday night.

City Manager's Report

The city manager's supplementary report follows in full:

"In regard to estimate of income and expenditures for the present fiscal year submitted to your council July 14, 1921, which you have referred for consideration at public hearing on this date:

"I submit the following supplementary thereto:

"During the preparation of our estimate of July 14 we had no direct information as to the assessed valuation; we therefore made a conservative estimate thereof of $10,500,000. Tentative figures are now available, however, that indicate that the assessed valuation of the city of Glendale will be somewhat in excess of $12,000,000. Instead of $105,000 as the estimate of revenue from general tax, the figure should be $120,000, adding $15,000 to the total estimated revenues.

"In preparing the estimates of July 14 it was found necessary to eliminate therefrom some very desirable and important items of outlay and expense in order to bring the proposed budget within the estimated revenues; we therefore submit for your consideration the following which we add to our estimate of that date:

Revenues

"We estimate the revenue from general tax on the basis of assessed valuation of $12,000,000, which will produce $120,000. This figure we submit as the estimated revenue from general tax for the present fiscal year.

General Government

"Elections, $1,500. No amount was included in previous estimate for elections and of course we have no way of knowing how much will be needed for this purpose, but we believe it will be well to include $1,500 which would take care of at least one general election.

Department of Public Welfare

"One sanitary inspector at $125 per month. This will provide for maintaining two sanitary inspectors as at present.

Public Safety Department

"Two police patrolmen and two firemen at $120 each per month, a total of $5,560. The budget with this added will provide for ten patrolmen and ten firemen.

Public Works Department

"The sum of $2,840 for equipment. This will include the purchase of one tractor, one truck, one rolling picker and one scarifier for the division of street maintenance. This equipment is essential if this division is going to undertake the general repair and reconstruction of the forty-six miles of oiled gravel and light macadam roadways that compose the larger portion of our residence street system, all of which is greatly in need of repair at this time.

"This will add $11,600 to general budget as submitted July 14. The balance of $3,400 of the estimated increase in revenue might well be added to the unappropriated reserve of $4,519.90 as set forth in tentative budget, making the unappropriated amount $7,819.90. This is none too large considering that the income may fall short of estimate and also that contingencies may arise that may require appropriations from this reserve. If, however, the income for the year equals the estimate and this reserve is not drawn on for contingencies during the year it would be quite desirable and in line with previous policy to have such a sum available to add to general reserve fund. As reported to your council last Thursday evening, the general reserve fund now amounts to $23,375.19. This fund in order to be sufficient to keep the general accounts of the city on a cash basis throughout the entire fiscal year should be at least $60,000 or almost three times as much as the present balance."

Whitney Boy Chorus at Methodist Church on Wednesday Night

There will be a concert by the Whitney Boy Chorus in this city at the First Methodist Episcopal church, Wednesday, July 27, at 8:30. This year there are fifty boys, mostly from Portland, Oregon, some from Seattle, Wash. Last week they were a big feature at the Grauman theatre and last Sunday they thrilled the massive audiences in the First Baptist church, Los Angeles, in the morning, and the First Methodist church in the evening. At the evening service several hundred people were turned away from Trinity auditorium.

Besides the choruses, there are several soloists of exceptional ability, including Ed Carey, the boy cornetist who made such a wonderful impression throughout southern California last year. He is 14 years of age and is considered by expert critics "a boy wonder."

THIS OLD WORLD IS PROGRESSING, SO PICTURE SHOWS

Surely Goes Ahead In Two Thousand Years, Is Proof Palace Grand Offers

Those who doubt the world has progressed during the last two thousand years should witness the showing of Allen Holubar's famous Associated First National production of the eternal-drama "Man-Woman-Marriage," starring the talented actress, Dorothy Phillips. The picture is at the Palace Grand theatre for the last times today.

"Man-Woman-Marriage" is a condensed history of the world's progress—a screen epic and proof positive of woman's subtle and benign influence over the destiny of mankind.

In the retrospective Roman scenes of this stirring modern story, beautiful Dorothy Phillips is seen as a Christian slave girl at the court of the Emperor Constantine.

Down through the ages, as depicted in "Man-Woman-Marriage," the talented Miss Phillips indelibly impresses the spectator with the influence for good woman has wielded over man. In the modern story of this magnificent film, Miss Phillips is no less impressive in her role as a woman of our times.

Tomrorrow Maurice Tourneur's latest production. "The Bait," is the feature with Charlie Chaplin in "Easy Street" as an added attraction.

Life Imprisonment Is Threat to Motorists

LOS ANGELES, July 26.—Life imprisonment for motorists who deal out death and fail to stop after the accident was urged by Chief of Police Charles Jones here today.

"We're having too many of these ocurrences," Jones declared. "There is only one way to stop them, and that is to announce a punishment that will be feared and respected.

"It may be an unavoidable accident in which a motorist strikes a pedestrian, but it is a deadly criminal act to leave the victim dying in the road and speed away for fear of being questioned."

Jones' statement was made immediately after probably fatal injuries sustained by V. L. Webb and John and Albert Alvarado, injured by motorists who sped away and left them without help.

Seek Facts Concerning Ireland's Peace Offer

BY LLOYD ALLEN
United Press Staff Correspondent

LONDON, July 26.—Secrecy of the Irish peace negotiations was threatened today.

Influential members of the house of commons planned to force Premier Lloyd George to give them details of the offer which "President" De Valera is now submitting to Sinn Fein leaders in Dublin. Commons was actuated by several motives.

Chief of these was a nervousness over the nature of the guarantees to Ulster. Another strong motive was commons' desire to take an active part in the coal strike negotiations and other important matters and desires to continue its show of strength.

Instigators of the movement found sufficient support to make it almost certain that the premier will be forced to make some sort of explanation even if he does not reveal the whole secret.

The premier was believed also to face the necessity of some action to offset a revolt being fomented by the conservative Morning Post which has continued bitterly to denounce Lloyd George's conferences with Sinn Feiners as "a surrender to the murder gang."

Several prominent unionists already have withdrawn from the premier's coalition in protest against the negotiations.

Taken to Police to Stop Violence, Claim

DES MOINES, Iowa, July 26.—Just as she was about to make her second attempt at a speech in Des Moines, Mrs. Ida Crouch Hazlett, New York socialist speaker, was seized last night by men said to have been members of the American Legion, bustled into a waiting automobile and taken to the police station.

The men, headed by Irving Femrite, secretary of the local legion post, claimed they had discovered a plot to create a disturbance "which might have ended in violence" at the meeting, which was held in front of the public library.

After a conference at the police station, where the legion man explained to the police and Mrs. Hazlett the reason for their action Mrs. Hazlett was released.

If the movie makers are wise they will see that their posters always have a picture of at least one curly haired man and they will never lack for a packed house of women spectators.

A man in Waukegan, Wisconsin, claims to have discovered a bug that kills potato bugs and that he is raising a colony of the killers in his basement.

Difficult Task Now Facing Committee In Reduction of Taxes

By HERBERT W. WALKER
United Press Staff Correspondent

WASHINGTON, D. C., July 26.—The house ways and means committee today started the difficult task of trying to reduce taxes.

The new tax bill, members of the committee admit, must raise at least $3,500,000,000. This represents a reduction of only about $500,000,000 from the present taxes.

Four steps seemed certain as the committee met to begin hearings:

The excess profits taxes will be repealed.

The higher sur tax rates will be reduced.

Some of the more annoying and petty consumption taxes will be repealed.

There will be no sales tax.

Some tax to replace the excess profits levy must be found, and it probably will be a flat 15 per cent on the earnings of corporations, Chairman Fordney said.

BOND ELECTION FOR CITY BUILDINGS WILL BE HELD

Eagle Rock to Vote Next Month Upon Proposition to Get Improvements

At a recent meeting of the Eagle Rock board of trustees it was voted that that city hold a special election Monday, September 12. The purpose of the election will be for the voting of bonds for the erection of a city hall building and the purchase of a public park. Considerable interest is being shown in the proposition by the residents of the city, and a lively election is anticipated.

Presents Municipal Estimate

City Clerk Martsolf of Eagle Rock appeared before the trustees of that city last week and presented a detailed estimate of the funds needed to run the city during the next year. The total approximated $27,000, while the separate budget presented by the library board amounts to $4,500. The total amount of $31,500 will be asked to be given by the county board, which fixes the rates and collects the taxes for the city.

Governor Small Wins Contest to Postpone His Arrest and Trial

SPRINGFIELD, Ill., July 26.—Governor Len Small today apparently had won his fight to force postponement of his arrest and trial on charges of juggling $10,000,000 in state money until after his term of office expires.

Sheriff Henry Mester of Sangamon county, on whose shoulders will fall the duty of serving the warrants, told the United Press he would not use force in efforts to arrest the indicted governor.

Mester's statement brought relief to the state capitol, where pictures of armed clashes between state militia called to protect the governor, and sheriff's deputies vividly drawn in reports and rumors, has kept the populace on edge.

The sheriff told the United Press he would make an honest effort to serve the warrants, if so instructed by the court.

"I may cause the governor some worry," the sheriff said. "I will try to use diplomacy and tact, but I will not use force."

As it will be necessary for force to be used to bring Small into court, as long as he continues his present attitude, it was apparent the situation would rest at that rather indefinite state until the governor has completed his term of office, or is willing to submit to arrest.

Expect Decision Tomorrow

Even if the sheriff or his deputies should reach the governor personally and read the warrant to him, the executive would probably ignore it and not go to court unless he was forcibly taken. This, the sheriff stated, he would not do.

Sheriff Mester, a huge man, who could probably pick the governor up with one hand and carry him into court, if he wished, said he was sure there would be no trouble.

Judge E. S. Smith is expected to hand down his decision today holding Small subject to arrest and order the sheriff to take him into custody. The sheriff will probably notify the governor that he holds a warrant for his arrest, and there the matter will drop, if the governor doesn't change his mind and decide to stand trial.

In the meantime Governor Small was taking no chances. Burlies watched the executive's mansion closely and guarded the governor wherever he went. The governor's advisers were prepared for a coupe.

May Be Demonstration

Reports were current that a battalion of state troops under Colonel A. F. Lorenson would be ordered to Springfield to protect the governor today. If this is done, it is expected to be a demonstration to show the length to which Small and his friends are willing to go to prevent arrest.

"It makes no difference what happens to Len Small, but the governor of the state cannot yield to politicians or money interests," the executive said.

"I took my oath of office and there is no power that can restrain me from fulfilling it.

"The governor cannot abide by his oath of office and surrender the sovereignty of the executive power with which he has been intrusted."

Henry Ford Solidly Behind Harding Plan of World Disarmament

By RAYMOND CLAPPER
United Press Staff Correspondent

WASHINGTON, D. C., July 26.—Henry Ford is solidly behind President Harding's disarmament program.

The automobile manufacturer plans to assist the president in removing the causes of war with every resource at his command.

This developed as a result of a frank informal talk between the two during the week-end camping expedition into the Maryland hills.

Ford outlined his disarmament views in an exclusive interview given the United Press during a quiet hour at the camp.

Munitions workers and international bankers, Ford believes, are trying to keep the war game alive. His plan is to turn the spotlight of publicity upon them and bring the force of public opinion to bear down on any one who attempts to obstruct the disarmament program.

Trying It With Japan

"The munition makers were responsible for Germany's arming to the teeth," Ford declared. "Now they are trying to do the same thing with Japan. With Germany gone they are trying to find another reason for keeping up the war business and at present they are trying to use Japan as an excuse."

Ford was sitting on the edge of an old broken down bed in a deserted log cabin on the camping enclosure. He had thrown off his coat, revealing a stout pair of old-fashioned suspenders. His lean figure became tense as he talked.

"If we get anywhere with this disarmament business every man has got to put his soul into it," Ford said.

Ford discussed the alleged "banking ring," but declined to mention any names for publication.

Says There's World Ring

"But there is a ring of bankers—a world ring—that is causing all the trouble," he said. "They work in Washington, in London and all over the world. It was that kind of a ring around the Kaiser that got Germany into trouble. They put up the money, munitions makers made the guns and powder, and the people get killed and maimed."

Ford took opportunity to indicate that he felt his views regarding the Jewish race had been misstated.

"I have hundreds of Jews working in my plant at Detroit," he said. "I'm not talking about those kind of people. It's those who are in the international banking ring that I'm fighting."

Ulster to Negotiate If Proper Invitation Sent by Sinn Feiners

By CHARLES M. McCANN
United Press Staff Correspondent

BELFAST, July 26.—Ulster will negotiate with Sinn Fein "if a proper invitation" comes from Dublin, Hugh Pollock, Ulster's finance minister, declared today in an exclusive interview with the United Press.

Pollock, virtual head of the Ulster government during the absence of Premier Craig on vacation, declared that the northern section of Ireland will under no circumstances be subordinated to the south.

"We have our own government; we intend to keep it," he declared. "We consider that the London peace conference does not affect us. They are too nebulous thus far.

"If Sinn Fein shows signs of returning sanity and friendliness toward us, then there will be time to talk of a united Ireland."

Pollock appeared to be correct in his statement that the north is not worrying over the negotiations. This city quietly pursued its business, paying no attention to politics.

Powers May Meet In Pacific Coast City

By ED L. KEEN
United Press Staff Correspondent

LONDON, July 26.—The Pacific coast of America may be the scene of a momentous meeting of powers to discuss Pacific questions.

Dominion premiers, according to information here, intend to recommend that the gathering proposed by President Harding be held in a coast city.

Another suggestion understood to be incorporated in a note which will be submitted to Washington is that the meeting be moved up from November to late in September or early in October.

The note will answer Secretary Hughes' message in which he disapproved the suggestion that a preliminary conference on the Pacific problem be held in London.

It was reported today that the British will attempt to bring the question of war debts into the disarmament conference. Premier Lloyd George will take a corps of financial experts with him to Washington. The experts will be armed with information and propsals for the handling of Britain's debt to the United States.

CITY IS ELEVENTH IN BUILDING ON PACIFIC COAST

Remarkable Record Is Being Made by Glendale With Construction Program

In the figures recently released by a group of Los Angeles statisticians Glendale is listed in eleventh place in June building on the Pacific coast, and eighth in California. This remarkable record is not merely a temporary flourish in local building, as Glendale has not been any lower than eleventh in the list in the last eight months.

The most awe-inspiring feature of Glendale's extraordinary record is the fact that it leads cities with much larger populations. This city outdistanced Spokane, Berkeley, Sacramento, Phoenix, Fresno and many other cities of similar size.

Following is the record of the first fifteen "far western" cities for June:

Los Angeles, Calif.	$6,269,546
Oakland, Calif.	1,486,022
Portland, Ore.	1,428,685
San Francisco, Calif.	950,965
Seattle, Wash.	919,740
San Diego, Calif.	799,944
Long Beach, Calif.	775,700
Pasadena, Calif.	452,318
Santa Barbara, Calif.	444,510
Tacoma, Wash.	377,808
GLENDALE, Calif.	**294,961**
Berkeley, Calif.	292,583
Sacramento, Calif.	261,450
Fresno, Calif.	235,505
Santa Monica, Calif.	198,910

Forest Fires, Threats of Plague and Crops Shortage In Europe

LONDON, July 26.—All Europe burned today in a drought which brought with it forest fires, crop shortages and the threat of plagues.

Huge fires swept through forests in northern Britain. Cutting a ten-mile swath, one great fire in Aberdeenshire not only destroyed the woods, but threatened many famous estates.

There was fear that the harvest this year will fall far below the average. Wheat suffered especially. In only a few sections there were light rains, not sufficient to have any effect on the general situation.

Holland also suffered from forest fires, breaking out almost daily in tindery woods. Conflagrations raged today in the provinces of Drenthe and Limburg. In Amersfort hundreds of men were called to fight a fire covering 2000 acres. All crops were threatened.

German scientists were experimenting with dry farming but with little hope of benefiting the present crop.

Sweden suffered with Germany.

Russia was regarded as a danger spot. Her great fields were blistered. Epidemics of cholera and typhus were breaking out.

Spain's crop wilted in the fields.

Italy also was a victim of forest fires, brought on by the drought. One such fire started near Trieste, when a powder house blew up, scattering flames into dry underbrush.

Catches Chisel With His Hand; 12 Stitches

Clarence Jensen of 424 Hawthorne street was the victim of a painful injury yesterday morning when a fellow employe in a local lumber yard took occasion to throw a chisel at him. Protecting his abdomen with his right hand from the sharp blade hurtling toward him, Jensen's right index finger was split open. Twelve stitches were taken to close the wound which bled profusely.

Inasmuch as Jensen refuses to prosecute the case, the name of his attacker is not made public, but suffice to say he is looking for another job today. It is stated that the chisel was thrown after a warm altercation which started in a jocose way as the boys began work at 7 o'clock.

Once in a while you see a beautiful movie heroine whose expression seems to register some glimmer of sense.

Over Hill and Down Dale, People Simply Roll Into Glendale

People can't help coming to Glendale.

They simply roll in.

At least that is the opinion of James M. Rhoades, secretary of the Chamber of Commerce.

He speaks from an experience he had while motoring with a party of Elks from the state of Washington.

After visiting Pasadena and Flintridge, Mr. Rhoades turned his Studebaker homeward and from La Canada to the Chamber of Commerce headquarters here, some six miles away, no gasoline was used.

Although Glendale is high enough to enjoy fair climate, it is an unusual fact that all gateways, save one—the San Fernando Road—bring the tourists over the hill and down in into the Glen—dale.

ROBERT K. CRIST IS GUEST OF HONOR ON BIRTHDAY

Mountain Outing Given to Several Friends; Great Cake One Feature

A most novel and unique birthday party was that given over the past week-end in honor of Robert Kenneth Crist, son of Rev. and Mrs. C. M. Crist of 315 North Jackson street, this city.

The affair was in the form of a mountain picnic and reunion, and was attended by only a few friends and the young man's parents and grandmother, Mrs. A. L. Crist.

The festive event took place at Pine Crest resort near Little Bear Lake, where Rev. Crist's mother owns a well-appointed cabin. Here an elaborately arranged birthday dinner was prepared for a fitting celebration for the anniversary of the youthful guest of honor. Besides numerous other picnic dinner "goodies" the meal consisted of a huge white frosted birthday cake, which was placed in the middle of the festive board, similar to the ancient royal banquets.

After enjoying the afternoon in a regular social "get together" Kenneth Crist, accompanied by Elwood Ingledue, left for their homes in Glendale. The remainder of the party, including Rev. and Mrs. Crist, Mr. and Mrs. C. W. Ingledue and Mr. and Mrs. C. H. Starkey, all of this city, will return this evening.

League Members Will Attend County Session

The members of the Epworth League of the Central Avenue Methodist church are planning to attend the services at the county convention of that organization, which is being held at Santa Monica canyon, on Friday night of this week. The local Leaguers will all leave Glendale in a body and will travel to the meeting via machines.

Miss Mildred Williams of 349 West Garfield avenue is the official delegate of the Central avenue church.

Mary Jane Gillette Tent to Meet Tonight

A large attendance at the meeting tonight of Mary Jane Gillette Tent, Daughters of Veterans, is anticipated, as there is considerable important business to be taken up at this time. Following the regular meeting there will be a social hour, at which all Daughters of Veterans and Sons of Veterans and friends of both organizations are invited to attend.

Blossoms at Bottom, Top and Middle, Too

A variety of floral beauty not often seen is the flowering sunflower now on display at Findley's confectionery. It grows at their Verdugo Woodlands home on Camulos avenue.

It blossoms from the roots up, 'tis said.

Which would indicate it blossoms from the top down, too.

Want to Cool Off? Try Glendale Theatre

Manager William A. Howe of the Glendale theatre is carrying a series of advertisements in The Glendale Evening News this week, emphasizing the coolness of his popular photoplay house. Attention is called to the Typhoon cooling system which keeps changing the air constantly by means of several scientifically contrived fans.

PLANS CAMPING TRIP

Mr. and Mrs. Bert Ward of 451 Myrtle street are planning to leave Sunday with a party of Los Angeles and San Francisco friends on a two or three-weeks' camping and auto trip to Tioga Pass, Mammoth Lake and on up to Yosemite. During their absence their home will be occupied by Mr. Ward's parents.

BOOSTER GATHERING HEARS PLANS OF MOON FESTIVAL

Proposed Carnival Will Be Held to Secure Funds for American Legion

Several hundred enthusiastic residents of Tujunga and its immediate surrounding territory gathered at Bolton hall, Tujunga, on Wednesday night of last week in a combination booster meeting and farewell to John Stephen McGroarty, who left on Monday for an extensive trip in Spain and other European countries. The booster part of the mass meeting was for the purpose of further promoting and making plans for the big Moon Festival of the Tujungans, which will take place next month at Tujunga.

The purpose of the proposed carnival as already told by The Evening News, is to raise sufficient funds for the valley post of the American legion to pay off its debt on the recently purchased Bolton hall.

Before Mr. McGroarty gave his address which was the principal speech of the evening, he was proclaimed by Fred M. Ashby, who was chairman of the gathering, as the "poet laureate of California." This honor, Mr. Ashby explained, had been conferred upon Mr. McGroarty on the authority of the "University of Tujunga, an institution of wisdom and learning whose walls are built of air, but whose existence is very real in the hearts of the people of the Verdugo hills."

Name Committee Heads

During the evening speeches were made by Addison Wells, director of the Moon festival, and Dr. Henry N. Wieman.

The following people were appointed to head various committees of the festival: Judge H. Breidt, legal advisor; J. S. Knox, treasurer; Philip Begue, chief of traffic; Leo Lang, fire marshal; Miss Zoe Gilbert, head of dramatics.

Woman Killed by Auto

Eddie Borden, said to be an Orpheum star, landed in the Los Angeles city jail one hour after Chief of Police Charles E. Jones asked life terms for auto killers. The machine which Borden was driving ran down Mrs. Margaret M. Cassidy of Culver City, who Borden says, got directly in the path of his machine traveling "16 miles an hour."

Wine Flows from Bump

The Rev. T. J. Porter of Santa Ana permitted his machine to bump on one driven by S. W. Callaway of the naval aviation corps at San Diego. From the apparent leak in the gasoline tank dripped wine. As a result the Rev. Mr. Porter had the sailor haled before Justice J. B. Cox yesterday where he paid a $50 fine.

Well Close to City Hall

A new gusher was brought in on the E. J. Miley lease at Huntington Beach yesterday. It did 2,000 barrels the first day, according to reports from the new field. The well is near the city hall.

High School Girl Missing

Mildred Hensley, 15, Venice school girl, has dropped from sight. The girl was employed at one of the concessions.

Leave on Camping Trip

Dr. Byron H. Wilson, district superintendent of the Methodist Episcopal church in Los Angeles, and Dr. W. L. Y. Davis, superintendent of the Pasadena district, are taking their families on a two months' auto trip to the southern part of the state.

Texas Oil King Missing

John J. Knight, Texas oil king, is missing.

The sheriff's offices at Phoenix, Ariz., and Los Angeles today began a systematic combing of the southwest for trace of the lost millionaire.

Knight was motoring to Los Angeles from Dallas at the time he dropped from sight. He was last seen at Buckeye, Ariz.

His automobile, deserted, was found a few days ago near Palo Verde, Ariz., apparently intact.

Some of Knight's personal effects, including a Masonic membership card, were found partially burned some distance from the machine.

K. V. Lipscomb of Dallas, Knight's brother-in-law, is now in Phoenix, directing the search from that end.
